String Instructions

2-Piece Stringing

Length: 21' mains x 18' crosses.

Mains

Start M's at head. M's skips are 8H, 10H, and 9T. No shared holes.

Xcrosses

Start X's at 8H.
Bottom X: 9T.

Tie Off

M's at 8T.
X's at 9H, 10T.

Requires X's to be installed from the top on all racquets. Installing crosses starting from the bottom will void the warranty. Refer to the attached pdf of stringing instructions for each string recommendation.

Stringing Tips

It is recommended to use a table-brake when stringing all EXO³ racquets.

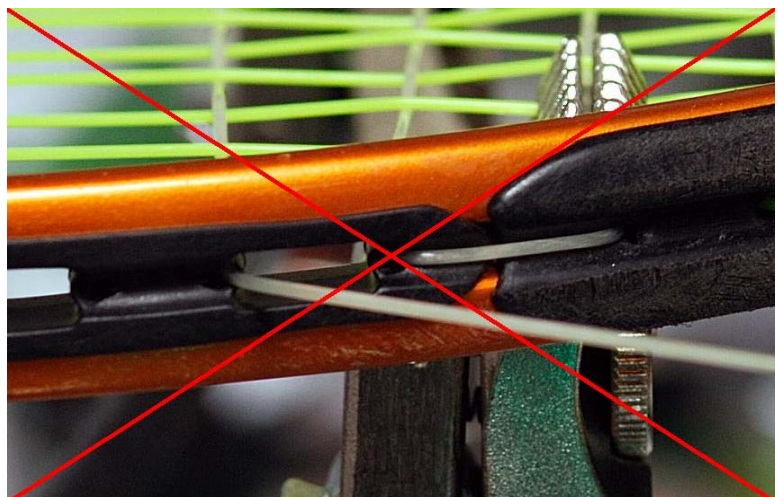

EXO³ Rebel, Rebel Team, Graphite

If no brake is used, damage to the grommet system may occur. Please see the diagrams below on the proper tension angle to avoid “grommet pull through”.

It is important that the “Port” is to the **RIGHT** of the tensioned string.

This is incorrect, the string crosses in front of the “Port” while being tensioned, causing stress to the grommet system.
